

SIIDA

Saami museum and Northern Lapland nature centre offers a window on how Saami people have adapted to life in the extreme north. Siida's cultural ecological exhibitions show how nature and culture have evolved together from the ice age to modern days. Original outdoor museum, which is open during the summer months, shows old Saami ways of life.

Siida is located on the other side of the river, 850 m from the hotel.

KULTAHOVI – SIIDA – SAJOS

These three destinations form together an interesting triangle of Saami culture. Perspective changes from food culture and experiences in the nature to science and arts. Take time to immerse yourself into a modern, yet similarly ancient world.

SAJOS

Saami culture centre Sajos is located next door to Kultahovi. During events and programmes you can dig deeper into Saami culture in Sajos. This architecturally interesting building is the home to the Finnish Saami Parliament.

HOW TO GET THERE

Inari is easy to reach even from far away. Direct flights from Helsinki to Ivalo bring you here quickly. On the other hand a train journey is easy to take to Rovaniemi, from where you can continue with public buses. When arriving by car or bus you can slowly see the landscape change and tune yourself into the northern mood.

YOU CAN REACH US BY....

- flying from Helsinki to Ivalo or Rovaniemi
- train to Rovaniemi from where there are direct bus connections to Inari
- driving your own or rental car
- public bus from the north or the south
- daily transfers from Kirkenes in Northern Norway

HOW TO BOOK

You can make a booking by telephone, email or via our website www.hotelkultahovi.fi. Please contact us directly when you need more information about activities, our restaurant or if you need an airport transfer.

TRADITION HOTEL KULTAHOVI

INARI • LAPLAND

Revived 1950's design hotel nestled in pristine Arctic nature: Tradition Hotel Kultahovi is a unique combination of complementary influences. Kultahovi embraces all senses and this makes it more than just a hotel. It is a gateway to appreciating northern history and the lifestyle of Europe's indigenous Saami culture.

Accommodation

In Kultahovi you have the choice of entering another era or staying in a modern environment right by the river. In both choices you will be close to northern culture and nature.

TRADITIONAL HOTEL
In Kultahovi main building you will find our Traditional Hotel, built in 1956 on the foundations of the original tourist inn destroyed during the war. You can feel the genuine 1950's atmosphere right on the doorstep.

RIVER HOTEL
River Hotel is located right next to our main building, on the bank of Juutua River. Hotel has 16 well equipped rooms, each with own sauna, beautiful decor with views to the river to match.

Tradition Hotel Kultahovi was founded in 1937. Since the 1960's the hotel has been hosted by local Inarisaami Nikula family. Siblings Kaisu and Heikki carry on the traditions.

Restaurant

Arctic nature has the leading role when you talk about the food in Restaurant Aanaar: on your plate you will find many local flavours, such as Lake Inari island bilberries, river bank angelica, red trout or birch leaves. Northern superfood is our passion that derives from our natural surroundings. Experience how sweet grass substitutes vanilla and appreciate the difference in flavour when the fish comes straight from the fisherman's boat.

Savour a glass of red wine in front of a real fire in our Juutua lounge and bar as you take refuge from the Arctic temperatures. During the summer you can follow the life of the river fish via our live underwater camera. During warm summer days you can enjoy a cold beer outside on our riverside terrace. Our lounge decor displays a clever mix of best Finnish design and our own Inarisaami style.

Activities

Activities offered in our small Saami village are an enthusiastic blend of Arctic nature and traditional culture. Nature trails will lead you to culturally valuable destinations. Guided activities include programmes such as a reindeer herder's day, when you can be his farm-hand and gain insight into this traditional livelihood. Having fun can also broaden your mind!

Activities are offered all year around and you can book your programmes directly from the hotel.

Tradition Hotel Kultahovi is located along ancient trails. This makes us still today a natural base for exploring Saamiland. Follow the trails of Saami people into another world.
